

In the morning, we all know how busy the family can be. Everything runs like clockwork—you know how long it takes to do those every day things.

In about the same amount of time, if there were an accident at the Umatilla Chemical Depot, you may be asked to shelter in place or evacuate. That quickly. It's important to be ready. Calling us is the first step.

In Morrow and Umatilla Counties, call **1-877-367-2737**

In Benton County, call **1-800-841-7953**
