

Returning

Can I get back to my home to care for pets?

- Your safety is our greatest concern.
- You may not be able to return immediately.
- Special arrangements might be made to return to care for pets and other animals.
- Stay tuned to your radio for more information.

When can I go back home?

- When the emergency is over and as soon as authorities can determine that the area is safe.
- Any suspected areas of contamination must be inspected first.
- Stay tuned to your radio for information.

Will the area be safe?

- You won't be allowed back in until authorities determine that the area is safe from chemical contamination.
